(Mandy and Randy would
have liked to come, but
couldn't make it)

Greetings from
Mike Boyle!

Iowa Mike
dx PSC 10/01

Denise (aka Deb in VA) with husband, Mike, and son, Noah; Dec. 2004.

The PSC Support group wishes Denise (Deb) and Mike all the best as they prepare for Mike's living donor liver transplant to Denise on May 19, 2005! Mike's bravery and love is an inspiration to us all.

Mary Anne &
Bobby Tinnell

- Bobby was diagnosed with PSC May of 2000
- Listed with one transplant center for 2 years and didn't move up fast enough for me (Mary Anne) according to how fast his disease progressed
- Multi-listed with Univ. of Cincinnati 9-03; missed first chance at liver 1-2-04
- Received liver transplant from Univ. of Cincinnati 2-4-04
- Although he has been rediagnosed (10-04) he is doing GREAT!!!!

Magnus Jacob Holubar born on 2/11/05; “Mini-Viking” son of Stefan and Susanne Holubar. Stefan would have liked to attend the conference, but was unable to do so because he is working in the Trauma unit.

Dear PSC Partners,

We were pleased to hear about this foundation from David Rhodes. We wish you success in your threefold purpose but especially in the promoting and funding the research of the causes and cures of PSC. More needs to be done than just manage the disease in the hopes of an organ transplant. We have been down that road with such a tragic outcome.

We write this letter in memory and in honor of our daughter, Shauna Saunders, who contributed much to the PSC Support Group and who received so much support from so many members. Shauna would be a creative and enthusiastic member and supporter of PSC Partners Seeking a Cure Foundation.

Best wishes for the 2005 Conference. Enclosed is our donation.

Yours truly,

Ken and Helen Saunders

Dr. Shauna
